## Profile

- Result Driven** Devoted to designing and creating polished projects in a dependable, timely fashion.
- Collaborative** Enjoys collaborating on projects with groups who are also passionate about the work. Loves brainstorming. Laid-back and a team mediator.
- Creative Design** Works to create aesthetically pleasing, streamlined design. Has four years of experience in this practice. Loves projects which blend my artistic background with technology programming.

## Skills

HTML & CSS	React	MongoDB	Photoshop
Bootstrap	NodeJS/NPM	Git/Heroku	JSON/AJAX
Javascript/jQuery	SQL Databases	API/RESTful API	Image editing

## Projects

### “Right Angles”

A timed title-matching game made in Javascript.  
Deployed: <https://ayemae.github.io/RightAngles/>  
Github: <https://github.com/Ayemae/RightAngles>  
Technology: HTML, CSS, Javascript, jQuery

### “Weird Wide Web”

Collaborative, final project for Rutgers University’s Coding Bootcamp. A database for weird entries, in which users can submit their own additions. Responsible for front end design.  
Deployed: <https://guarded-meadow-97753.herokuapp.com/>  
Github: <https://github.com/Uncanny-Team/Weird-Wide-Web>  
Technology: HTML, CSS, React, Node, Mongo

### “Lapse”

Online graphic novel. In progress since 2012; currently has over 170 pages. Created the writing, art, and web design work.  
Deployed: <http://www.lapsecomic.com/>  
Technology: HTML, CSS, Photoshop

## Work Experience

### SpiderForest Webcomic Collective - Front End Designer, Administrator

September 2015 – present

- Designs multiple webpages and UIs for the SpiderForest Webcomic Collective. Started as a volunteer and is now a community administrator.
- Technical responsibilities include designing unique webpages for individual members and community site UIs.
- Responsible for authoring, evolving and syndicating policies to collective members.

**Starbucks - Shift Supervisor**

August 2012 – present

- Supervisor, barista, and barista trainer, working with a team to meet immediate demands.
- Awarded 'Partner of the Quarter' by co-workers.
- Recognized by staff and customers for customer service, team mediation, and employee training.

**Freelance - Illustrator, Designer, Graphic Novelist**

August 2011 – present

- Creates and works on a variety of arts-related media for clients.
- Assists with project planning and creates projects from scratch.
- Worked since 2012 creating her own graphic novel project, self-published and sold issues at conventions.

***Education*****Rutgers Full-Stack Coding Bootcamp**

June 2018 – August 2018

- Completed a certificate program at Rutgers' full-time, Full-Stack Coding Bootcamp.
- Voted by my peers as "Most Likely to Win an Award for Front End Design".

**School of Visual Arts, Manhattan, NY**

September 2007 – May 2011

Graduated with a Bachelors of Fine Arts for animation with a 3.5 GPA.
